The Effect Upon the Sinner

"Jesus is far too much of a realist not to know that there is a vital difference between the act contemplated and the act completed – just as there is a wide difference between hard words and murder. But that difference is in the injury suffered by the other person; and **Jesus has in view the effect upon the sinner rather than on the one sinned against. *It is not a man's actions but his state of mind that erects a barrier between himself and God.*"**

- Teaching of the Master, L.G. Sargent
